CHRIST THE LORD PARISH
LAGOS PROVINCE 20
LEKKI PHASE 1

DIGGING DEEP - MAY 5TH, 2026.

Topic: GOD EXPECTS GREATER HARVEST

Theme: *“Your Present Harvest Is a Seed, Not a Destination”*

Texts: Matt. 25:14–30; Jn. 15:1–8; Gen. 1:28; 1 Cor. 3:6–9

INTRODUCTION

In the economy of God, harvest is never an end—it is always a beginning. What many celebrate as arrival, Heaven often evaluates as a starting point. This is where many believers unknowingly fall into error: they measure faithfulness by activity, while God measures it by increase.

This truth becomes even more urgent in the context of Vision 2032, where the call is not just for participation in evangelism, but for measurable, multiplying harvest through aggressive soul-winning and intentional follow-up. The tragedy in the Kingdom is not barrenness alone—it is underperformance despite potential. Many are busy but not fruitful; active but not multiplying. This study is a prophetic awakening—a call to shift from maintenance to multiplication, from effort to impact, and from present results to greater harvest. God is not merely asking, *“Are you doing something?”*—He is asking, *“Is it increasing?”*

PART 1: GOD’S STANDARD — HARVEST MUST MULTIPLY. Gen. 1:28; Jn. 15:8

“Be fruitful and multiply...”

“Herein is my Father glorified, that ye bear much fruit...”

From the beginning, God established multiplication as the standard.

God is not glorified by:

- Activity without results
- Effort without increase
- Presence without productivity

He is glorified by much fruit.

Every level of fruitfulness carries a demand for: More fruit; Much fruit; Remaining fruit.

Vision 2032 Application

- Every Evangelism must produce converts
- Converts must be discipled
- Disciples must become soul winners

If a church member is not multiplying, he is not fulfilling divine expectation.

PART 2: THE MEASURE — OUTPUT MUST MATCH INVESTMENT 1 Cor. 15:10; Jam. 2:17

“By the grace of God I am what I am... yet I laboured more abundantly...”

God measures harvest against what He has invested in you.

- Grace given → results expected
- Gifts given → output expected
- Opportunities given → increase expected

Key Question

Does your output reflect: Your exposure? Your anointing? Your opportunities?

Vision 2032 Application

- More grace must produce more souls
- More knowledge must produce more disciples
- More resources must produce more expansion

Where there is no corresponding output, there is hidden neglect. Multiplication is the true evidence of alignment with God.

PART 3: THE TRAGEDY — UNDERPERFORMANCE IN THE KINGDOM. Matt. 25:24–30

The greatest failure in the parable was not loss, but lack of increase.

The servant was not judged for doing evil, but for doing nothing with what he had.

- He preserved—but did not multiply
- He protected—but did not produce

This reveals a hard truth: God does not reward preservation—He rewards multiplication.

REFLECTION

- Am I increasing or merely maintaining?
- Does my output reflect God's investment in me?
- How am I contributing to Vision 2032 in practical terms?
- Am I an obedient child of God?

REDEDICATION CALL

ACTION STEP

Write your **Harvest Multiplication Plan- even if it is only for this month:**

CONCLUSION

God's expectation has never changed—He is a God of increase, and He demands multiplication from everything He entrusts to us. In God's Kingdom, the true measure of faithfulness is not activity, but increase. Therefore, every believer must confront this truth: your present harvest, no matter how impressive, is still only a seed in the eyes of God.

As we advance toward **Vision 2032**, the call is urgent and uncompromising. The harvest field is ripe—especially in this time of economic pressure, uncertainty, and spiritual hunger—but Heaven is not looking for spectators. It is looking for multipliers. This is the season to move beyond maintenance into aggressive evangelism, and beyond conversion into sustained follow-up and discipleship. Refuse to settle. Refuse to plate
